

SCHOOLS IN AREA TO VOTE SAT.

Mokena Boys Tell of Their Experiences
At Boy Scout Jamboree at Valley Forge

In an interview with Bruce Shoop and Russel Geuther of Mokena who returned last Tuesday from the National Boy Scout Jamboree at Valley Forge, Pa., two weeks ago, the following interesting facts were brought forth:

The boys left Oak Park Sunday night with the Joliet group, who occupied one and one-half coaches of a special seven coach train. They arrived at Valley Forge at 4:30 Monday evening. They set up their tents at once and arranged for sleeping with three boys to each tent.

On Tuesday the setting up of the camp was completed and a medical checkup was made. The groups were divided into patrols of eight boys each and duties were assigned and alternated by the day, with a patrol leader, two cooks, one fire builder, one tent cleaner, two dish washers and a water boy. Three liter bags of water, each holding 36 gallons of water were filled for three tents every day.

By Friday the regular routine of the camp was established, with meals at 7, 12 and 6 o'clock; taps at 10:30 and lights out at 10:45. The day started like the old nursery rhyme, with the Scout master waking the patrol leader, who woke the fire builder who woke the cooks who woke the water boy who woke the dish washers.

After the boys were there long enough to get acquainted they found there were Scouts there from Alaska, Porto Rico, Hawaii and from 23 foreign countries. The boys visited, swapped treasures and attended demonstrations of activities by the different groups. Bruce found that he liked the boys from Canada very much and Russel enjoyed meeting the Scotch laddies.

The wooded area around that district was full of poison ivy and although it had been destroyed as far as possible the boys were told to use the most effective remedies in case they came in contact with it, soft soap, baking powder and vaseline. Many suffered from blistered feet from much tramping around.

Both of the Mokena boys liked the Memorial chapel the best of the many places they visited and both attended church there on Sunday morning. Provision was made so that services could be conducted by a priest, a protestant minister and a rabbi. In this chapel there is a bell to represent every state. The building is built of limestone.

On a trip to Philadelphia the Scouts saw Liberty bell, Ben Franklin's grave, the home of Betsy Ross and the statue of Robert Morris, statesman and financier of the Revolutionary war.

The tents at the camp were down and all gear packed on the night of July 6 and they left for New York the next morning. There they visited many places on a sight seeing bus. They saw the S. S. Queen Mary Central Park, Rockefeller church, Wall street, the Bowery, Statue of Liberty and much more.

Although they were housed in the Piccadilly hotel, that night, they did not sleep. July 10 they went to Mt. Vernon and the Unknown Soldiers grave, as well as the Lincoln and Washington memorial; a tour through the Capital and FBI buildings, Congressional library, and Supreme Court.

They arrived in Joliet at 10 a. m. July 10 when the Kiwanis club treated all the boys to ice cream and a candy bar.

It cost the boys from this area about \$200 to make this trip. Of that sum, the Mokena Civic association gave each Mokena boy \$40 to help them for which they are both most grateful.

This is the second national jamboree held during the 40 years of Boy Scouting. Next year an International jamboree will be held in

DANCE WITH THE
VETS SAT. NITE

The members of the William Martin VFW Post at Mokena have spared no effort to make their dance for this Saturday night a huge success.

They have engaged a splendid orchestra, one which has a good reputation for good music both with the younger and the older group.

It is hoped that the Vet's dances, which they plan to hold each month will be largely attended so that they can afford to engage high class music. The hall will be cooled by air condition so that it will be an added pleasure in dancing.

Return From 2200
Mile Vacation Tour

Mrs. Katharine Heisner returned Friday from a five day tour of Iowa, Nebraska, South Dakota, Minnesota and Wisconsin, taken with Mrs. Verna Ackerman and sons Leroy and Myron, of Joliet, and the former's brother Ray Janssen.

They visited many places of interest including the Badlands, Mt. Rushmore and Hot Springs in the Black Hills. At Mitchell, South Dakota they saw the "World's Only Corn Palace," a building which cost \$275,000 to build and costs \$10,000 to redecorate each year.

The Corn Palace which was started in 1892, was paid for by the citizens of the state. Every year it is decorated inside and out with grains and grasses. Ears of corn of different colors are cut lengthwise and arranged on the walls to form designs and pictures. The building is used for the annual corn festival and during the whole year as a stadium.

On their way home the party stopped at the Deils and had traveled about 2200 miles by the time they arrived home.

Vacationers See Man
Submerged 33 Days

Mr. and Mrs. Gust Oelke of Orland Park spent the week end at Wolcott, Ind., visiting their cousins Mr. and Mrs. Anthony Wagner and family.

Saturday evening they motored to Monticello, Ind., about 20 miles from Wolcott to see something spectacular off the pier in the river. It was an X-G.I., about 28 years old, married and with a family who is opposed to the federal luxury tax, who has concealed himself in an 8x10 tank, glass top, under the water since June 18.

He has all the comforts of home, an electric plate to keep warm and food sent down to him daily. People come in crowds to see this unusual man and toss coins on the glass top. He is guarded by police day and night.

Silver Cross Class
Of '32 Has Supper

A reunion of the 1932 class of graduate nurses of Silver Cross hospital, was held in the home of Mr. and Mrs. Stanley Johnson at Frankfort Thursday evening July 13. A potluck supper was served at 6:30 and a social evening was enjoyed by the 17 members who attended. Mrs. Johnson was a member of this class.

Austria, if there is no war. Everyone enjoyed this year's affair greatly except those from Alaska who thought the weather here was too hot.

CHAS. DOCTOR, 85, PROMINENT
PUBLIC OFFICIAL DIED JULY 14

With the passing of Charles Doctor July 14 Orland Park lost a long time civic and prominent citizen.

Mr. Doctor was a patient in Silver Cross hospital several months ago, suffering from pneumonia. When he was able to leave the hospital he was taken to the home of his son, Mr. and Mrs. Ray Doctor in Orland where every care was cheerfully given. A short time ago he was removed to St. Francis hospital in Blue Island where he passed away.

Funeral services were held Monday afternoon in the Orland Park Methodist church with the pastor Rev. Henry E. Rompel, officiating. Interment was made in Brooks cemetery in Homer township.

Surviving him are three sons, Ray W., Lawrence W. and Amil J.; seven grandchildren and seven great grandchildren all of Orland Park; also one brother, Oliver of Rensselaer, Ind.

Born in Orland township August 2, 1864, he lived there all his life. On May 19, 1886 he was united in marriage with Miss Mary Tilsy in the old courthouse in Chicago. They

went to housekeeping at the old Doctor homestead and in 1920 built the present home on Wolf road where Mrs. Doctor died November 4, 1937. A daughter Esther died in 1924.

Prominent in public life Mr. Doctor had the rare record of having public office seek him. For 24 years he served continuously as school treasurer of Orland township and for 16 continuous years served as supervisor. During this long tenure of office he handled over \$900,000 for the public and never one cent was mislaid.

Mr. Doctor always had the interest of the public at heart and was an important figure in securing the paving of Wolf road through Orland township.

He was well and widely known for his genial disposition, rugged individuality and sterling character as a private citizen and public official. He was a member of the Modern Woodman of America, Camp 4589.

May 19, 1936, Mr. and Mrs. Doctor had the rare privilege of celebrating their 50th wedding anniversary.

FIRE AT MOKENA
SAT. DAMAGES
GARAGE

Fire from unknown origin broke out Saturday afternoon in the garage in the rear of the Fred Werner home on Midland avenue in Mokena.

There was no one at home. Mr. and Mrs. Werner had just gone to her parents' home. Mr. and Mrs. W. D. Roberts, just west of Mokena. No sooner had they arrived but they were called home by their neighbor Mrs. David McMillan telling them of their garage burning.

As Mrs. Emil Cappel was preparing supper in the home of her daughter Mrs. McMillan, she noticed from the kitchen window much smoke and called Mrs. McMillan. The latter called the fire department who arrived in a few minutes. After a short time of fire fighting, the blaze was out, but the building was an entire loss, from fire and water. It is estimated the loss is about \$1,000 and is covered by insurance.

What made the fire dangerous was the closeness of the houses and the Walter Yunker garage, but a couple of feet apart. The storm windows for the Werner's house were stored in the garage and they were all broken and burned.

New Lenox Man at
Special Services

Albert F. Huttenhoff of New Lenox is a member of the Order of St. Christopher, an organization of railroad men who on July 23 will convene at St. Christopher's shrine in Midlothian to pay homage to their patron saint.

The St. Christopher for whom the organization is named devoted his life to carrying travelers across a raging torrent. One day, so the story goes, he carried Christ in the form of a child across the stream and earned his name, which means Christ-bearer.

Members of St. Christopher parish last year erected a seven-foot statue of the husky saint atop an outdoor altar. Pilgrims are expected this year to come by car, bus, train, bicycle and organized motorcycle caravan, to have their vehicles blessed and picnic on the grounds at 4100 W. 147th St. The day's festivities will be climaxed by a display of fireworks at night.

Folk Festival at
Frankfort July 27

Several hundred Will County folks will do their chores early Thursday evening, July 27, and take the entire family with them to the Frankfort school gymnasium where they will see a lot of fine amateur talent at a program starting at 8:00 that night.

Winners of "A" ratings will be eligible to represent Will county at the State Folk festival at Urbana, August 24, as a part of the State Farm Sports festival program. This event is expected to develop a lot of fine talent from just about every Will County community.

MORE FISH

Fish added this week to the contest at Tinley Park Hardware are from the following:

Mrs. Pauline Nagel, a 12½ pound northern pike, and a walleyed pike, four pounds 4 3/4 ounces caught by Norman Nagel, both in Lake Stella at Darwin, Minn.

George Peacock caught a large mouth black bass weighing four pounds 2½ ounces at Lake Ripley, Wis.

Mrs. R. Flagg, of Frankfort caught a 1½ pound bull head at Little Clam Lake, Siren, Wis.

Rural Chorus to
Compete in Chi. Fete

Members of the Will County Rural chorus will compete for title of best chorus in the Chicago and Music festival, August 19. They will also plan to enter the competition with all counties at the State fair August 11.

Last year the Will county chorus won first place in the state. Ann and Rosemary Archibald of New Lenox will go with the state group to Washington, D. C. for the national contest this summer.

BUSY HOMEMAKERS TO
HAVE PICNIC AUGUST 13

The Busy Homemakers unit of the Home Bureau met recently in the home of Mrs. William Lorenzen with 10 members present.

Mrs. Charles Schultz presented the major lesson on growing old gracefully. Roll call was answered by the favorite radio or television program.

The unit will hold a picnic in Van Horn's woods Sunday, August 13 when a potluck dinner will be served at noon. All members and their families are urged to attend. There will be games and fun for all.

Civic Minded Boy
Mounts Soap Box

by The OFFICE BOY

Well sir, the other day I was mooching around town on my bike, having painted it and shined the nickel work to get ready for the Homecoming parade. Mr. Norvall Robinson, chairman of the parade committee, says he has 43 signed up already—I'll tell you that will really be some parade, when August 20 comes around.

Well anyway, I was peddling around town and I finally ended up on Wolf road by the old Pioneer cemetery. Being civic minded, and figuring on joining the civic club as soon as I reach voting age, I thought I would make a tour thru this old historic place and maybe see the one of four Revolutionary war soldiers buried in Will county.

And you should have seen me scrambling through the weeds, and the next thing I ran into was a lilac bush ruined by people using the cemetery to burn their fallen tree limbs etc. And what's more there were three lilac bushes all together that were ruined.

Being civic minded in a big way, I can't understand why people don't have more pride, especially after the Mokena Garden club spent much time on making this spot pretty for Mokena visitors to enjoy.

Why, even last spring when I was out looking for Asparagus, I saw a lot of it in the old cemetery, but I didn't pick it, for I believed it belonged to Mr. Denny, the Revolutionary war vet.

I don't know who's job it is to cut down the weeds in this spot, but whoever is supposed to must have been on a vacation all this year.

C. U. Later. P. S. I guess I'll have to organize a gang of kids to clean up this place. Maybe they could do better than the grownups, then again—maybe not because the fishing is pretty good nowadays.

4H Club Day at
Chgo. Fair July 26

4-H Club Day will be observed at the 1950 Chicago Fair on Wednesday, July 26, as a feature of Farm Week.

Among the features planned for the day's celebration is a parade of the fair grounds by the visiting rural youth, marching to the music of 4H bands. Some of the near-by club groups are considering making 4H floats for the event.

In the afternoon following the parade there will be a presentation of outstanding 4H talent, mostly from the central states, on the special events stage at the fair.

Patterson's Enjoyed
8400 Mile Auto Trip

The Patterson's who enjoyed five weeks of vacation by motoring out west, have returned and report having had a wonderful time.

They saw parts of 18 states and some of Canada, which included Calgary, Lake Louise, Banff canyon. Other points of interest visited were Yellowknife Park, Mt. Rushmore, Black Hills, Badlands in So. Dakota. The snow covered the mountains in Wyoming. They enjoyed the beautiful vineyards, hop and mint fields in Washington. The redwoods with all the lovely wild flowers were marvelous. Going through dense forests made them love mother earth more and more.

They thought they would hand the blue ribbon to Riverside, Calif., as the prettiest place on their tour of 8400 miles. They visited a grand daughter at Riverside, Herschel Patterson's sister at San Francisco and a brother at Wichita, Kansas, and cousins in Oklahoma City, and other relatives in Miss. and Tenn.

They report the highways were wonderful all the way, food good, and weather grand all through the month of June. Even the desert was not too hot, only 94, against 36 in Canada. In all their long trip they did not see one accident.

On the trip were Herschel Patterson and son Glenn from Frankfort, his parents, Mr. and Mrs. John W. Patterson of Mokena and their daughter Mrs. Mildred Derackin of Chicago.

SQUARE DANCE
FRIDAY NIGHT

Everyone is keeping his fingers crossed so that rain will not prevent the outdoor square dancing at the school grounds in Tinley Park tomorrow night.

But on the other hand, there are those who say, "let it rain," then the dance will be in the school gym. Two organizations are sponsoring the dance, the Tinley Park Civic club and the local PTA. Everyone is invited to come and join in the fun.

POSTPONED CARD PARTY

The card and bunco party which the Woman's Auxiliary of the William Martin VFW Post had planned for Friday night, July 21, has been postponed to Saturday night July 29.

Mokena Girl With
JTHS Band in Chgo.

Miss Dorothy Kohl of Mokena, who is a sponsor for the Joliet Township high school band, met with them when they gave a "command performance" in the Chicago stadium Tuesday night, before a crowd of 30,000 Lions and friends.

The JTHS band won first place in the large International Lion's convention parade in Chicago Monday, competing against 17 other large bands. Their award was \$500 which will be added to the fund when they will give a command performance at the Washington Sesqui-centennial at Washington, D. C. August 3 thru 7.

New Lenox Barber
Found Dead in Bed

James Dickson, 52, who operated a barber shop in New Lenox for the past eight years, was found by his wife last Friday morning, dead in bed. He had died in his sleep.

Born in Pennsylvania, he lived in Lockport before coming to New Lenox. He was a member of the Veterans of Foreign Wars, the Barber's union and of the New Lenox Trinity Lutheran church. He served as a private in the 63rd coast artillery in France during World War I.

He is survived by his wife, Marie and a son Robert of New Lenox. Funeral services were held Monday afternoon in the Carlson funeral home in Joliet with Rev. Martin L. French officiating. Burial was made in Elmhurst cemetery where the VFW had charge of the graveside service.

Republicans Meet at
Frankfort Friday

The Republican precinct committees of Will county held a meeting in Frankfort in the village hall last Friday evening. It is the purpose of the county group to meet during the summer in areas outside of Joliet.

C. F. Peterson, chairman, was in charge. Plans were made for the fall campaign. The Republican picnic was announced to take place August 19 at St. Joseph's park in Joliet when Everett Dirksen will be the speaker. Mr. Dirksen is a commanding and interesting speaker and does not mind words where the truth is concerned. Because of that he will draw a large crowd.

Among the candidates present at the Frankfort meeting were Byron Hunte, Joseph Hartley and Judge John Cowing.

Refreshments of roast beef sandwiches and coffee were served.

4H Club Holds
20th Annual Picnic

The Frankfort-New Lenox 4-H club enjoyed their annual picnic this last week at the Fred Francis farm at New Lenox. This was their 20th anniversary with Leader Fred Francis and over 200 guests were present. Among them were also the New Lenox and Mokena 4-H Girls.

Charter members who were present were Howard Strassenberg, Harold Schroth, Fred C. Francis, Louis and Chester Ebert. A Weiner roast followed the program.

Funeral Rites Held
For P. L. Delaney, 67

Funeral services for Patrick L. Delaney, 67, a lifelong resident of New Lenox township were held Monday morning in St. Joseph's church in Manhattan. Burial was in the church cemetery. He died Friday after a lingering illness.

The deceased is survived by a sister, Cella of Joliet; four brothers, Albert, Joliet; Edward, New Lenox; James, Chicago and Thomas of Baltimore, Texas.

Former Mokena Girl
To be Married Aug. 6

Mrs. Hattie Weber of Lincoln Estates, is announcing the approaching marriage of her only daughter Miss Ethel Mae to Mr. Martin P. Buchholz. The wedding will take place Sunday afternoon August 6 at 4:30 o'clock in the Immanuel Lutheran church at Steger. The pastor Rev. Carl Schellender will officiate.

Mrs. Weber and family lived at Mokena for many years and are well known here.

Brotherhood to Meet
At Dyer July 26

The Monee Regional Brotherhood of the Evangelical and Reformed churches will meet at Dyer, Ind., July 26 at 8 p.m.

The speaker for the occasion will be Rev. Joseph George, superintendent of the Evangelical hospital at Chicago. Rev. George is said to be a dynamic speaker. All laymen of the churches are welcome at this meeting.

VARIOUS PROBLEMS PRESENTED
FOR APPROVAL BY CITIZENS

In Tinley Hi School; District Issue In Orland Twp.; More Rooms Needed to Relieve Congestion at Frankfort-Mokena

Homecoming is a
Huge Success

The Frankfort homecoming held Saturday and Sunday in Frankfort Grove was a huge success with all of the communities in this area well represented. This annual event is sponsored by the Volunteer Fire Department, the Bobzin-Swinford Post of the American Legion, and the Sportsman's club working together.

A 1950 Chevrolet car was awarded to Mrs. Amanda Koach, 1120 N. Hickory, Joliet. The cooperation of these groups was greatly appreciated by the people of this community.

William Zopff, 45,
Killed in Accident

William Zopff, 45, of Beecher, who is well known in Frankfort, was killed July 11, when his truck was struck by a car driven by Robert Reeves, 28, of Milford, Ill. Reeves was not injured.

It was reported by state police, who investigated the accident, that both vehicles were proceeding north on Dixie highway near Lincoln Fields race track when Zopff slowed down and was starting to make a left turn. His truck was rammed by Reeves' machine and thrown off the pavement where it overturned. Zopff, it is thought, was thrown out of the truck, striking his head on the pavement.

He is survived by his wife, Ellen, three daughters, Frances, Marjanna and Patricia; one son, William Jr., and two sisters who live in Kentucky.

Funeral services were held Friday afternoon in the Hack chapel, Beecher, and were conducted by the Rev. John Wyngarden, of the First Presbyterian church, Chicago Heights. Interment was in Cedar Park cemetery.

Under The Cross
Of Malta

Don't forget to come out Saturday July 22nd. This promises to be a really good time for everyone. If the weather is hot our building is cool, not damp, but fresh cool air is brought in, filtered and circulated into the building. You can dance in real comfort. Lunch and refreshments can be had in the basement, so come out and enjoy yourself.

A few weeks ago I mentioned that we had planned to sponsor some kind of a musical marching unit. Now there are some who would like to start our own drum and bugle corps. If any of our members are interested, come to the next meeting when the subject will be discussed. One of our members has had some experience in a drum and bugle corp, and he can give an idea of expenses and necessary equipment.

We have an answer from Winfield Scott Post of Maywood stating that they will be glad to come and give the obligation to any and all recruits we can muster in our post. As to date, either of our tentative dates are satisfactory, so that is another topic to be settled at the next meeting.

Commander Peterson appointed Comrade Werner to chairmanship in charge of recruiting new members, because of his past work in recruiting. Now, let's all get out and bring in recruits. At present we have more paid up members than we had last year, however there are still some members in arrears on dues. Let's get those reinstatements too. We cannot grow if we allow as many or more to drop out than we bring in.

A note to eligible servicemen—come and see what we have to offer you. We know you and you know that servicemen have to be organized and ours is a service organization pledged to support the United States, state and community. It's true, we of Wm. Martin Post are just getting started in community service, but there remains many things that we can do, and as we get more funds and members we will add other services.—E. L. Saarela, publicity.

P. S. Don't forget Saturday July 22nd. This is "The Dance" when the public can prove to us if we are right in getting real high class music. If this dance turns out satisfactorily, more and bigger things are to come.

P. S. Comrade Robinson reports that if all those who have indicated they will parade do so, Mokena will have the largest parade ever assembled in this or any small town. All this for Homecoming on Sunday, August 20.

Citizens, everywhere should make it a point to be informed on issues of their country, state and community.

This Saturday, July 22, there will be elections in Frankfort, Mokena, Tinley Park and Orland township concerning their public schools. No citizen should stay away from the polls on that day, or any election day, because it is their duty to express themselves on the issue or issues before them.

FRANKFORT

In Frankfort the election to be held Saturday July 22 in the school house starting at 12:00 noon until 7:00 p.m. will center on two issues. One to increase the building tax rate from the present rate of .1875 to .25, and second, the authorization of a \$10,000 bond issue.

The increase in the building rate is necessary due to the limitations of the Butler Bills. In 1947 a vote was held authorizing the increase in the educational rate, but there was no increase in the building rate. Although the present rate should be .1875, due to further limitations of the Butler Bills, the School District is only able to obtain approximately \$1600.00 for the repair, maintenance and insurance on the building. This amount is inadequate to properly maintain the building. The increased tax rate will result only in a nominal increase in taxes to the individual property owners.

The bond issue will mature at a rate of \$500.00 per year, and that plus the interest will amount to only 3.3 cents per \$100.00 of assessed valuation. The school building is now crowded, and for that reason it is necessary to make available additional classroom space by dividing the old auditorium into two classrooms and eliminating the stage, etc. There will also be built a principal's office above the entrance to the school, together with miscellaneous improvements of insulation etc. This Frankfort school district is fortunate in having sufficient space available without the necessity of building any additional to the school itself. All voters in this district are urged to take interest in this matter and cast their vote.

MOKENA

No room for the children who come to the Mokena grade school in district 159. In the past three years enrollment has increased 38%, which means the difference from 170 students in 1947 to 235 according to school census taken this June.

With classes in the gym, it would be several more than that and that is the only place that is worse than nothing.

The board realizes they must do something about it and so the plan is to build an addition to the present school of two class rooms, a complete kitchen, new shower and toilet rooms, in addition to a new lighting system and an acoustical ceiling in the gym. The latter is needed very much.

This will require \$55,000 to be financed by a bond issue spread over 19 years with annual payments of \$3,711. This will result in an average tax rate of only 14 cents per \$100 of assessed valuation. This valuation will be decreased yearly as new homes and business properties are built in the district.

TINLEY PARK

Since the Thornton township high school district turned down the proposition of including Tinley Park in their district, a step was taken by many citizens to overcome that problem. This was done by filing a petition with Cook County Superintendent of Schools, to create a community high school district for the Bremen township non-high area. It is thought by the promoters that this was the step in the right direction, for the money they would spend to support a high school for their large number of pupils could be well spent for one of their own.

On the other hand, there are those who think that proposition is too high a tax rate and that they had better wait until more time has been given to the idea.

The voters will give their answer at the polls Saturday, July 22 in the Tinley Park public school from 12 noon until 7 p.m. There will be eight other villages in the township voting in their home area on this same proposition at the same time.

KIRBY SCHOOL, ORLAND
A slightly different problem is presented in this area, as this school, the former district 140, joined with the Tinley Park district 146, a year ago. They have not been satisfied with that setup, and now are asking the voters to detach themselves from the Tinley district and vote for the Kirby school. If the voters Saturday show by their votes they wish to detach from that district, they will again take steps to get up the former district and open school again. The polls will be held in the Kirby school from 12 noon until 9 p.m. daylight saving time.

New Lenox 3133

CARD OF THANKS

We are deeply grateful to the neighbors, friends and relatives for their sympathy shown us at the time of the death of my wife and our mother, Mrs. Frank Liszt, also to Rev. C. Rawson and Rev. William Bingham for their comforting words; to the soloist; to those who

helped and to those who sent flowers.
MR. FRANK LISZT and FAMILY

Mr. and Mrs. Victor Zaloudek, Glenn and Arlene were guests at a dinner Saturday evening in the home of Mr. and Mrs. Emanuel Zaloudek who were celebrating their fifty-first wedding anniversary in their home in Berwyn.

Mrs. Alfred Sproat and daughter Lois left Friday on a ten day motor trip through the eastern states. They were accompanied by Mrs. Adella Paddock and Miss Lois Hen-

ke of Lockport. Their first stop was at the home of Mr. and Mrs. Chas. Gammally at Pinckneyville where they spent the week end, then they went on to Silver Springs, Md. There they were guests in the home of Mr. and Mrs. Richard Smith.

Mr. and Mrs. Paul Batten and daughter Ann, son George of Chicago were guests Sunday afternoon of Mr. and Mrs. Loren Sass.

Mr. and Mrs. George Young and son Jody of Champaign were entertained at supper Wednesday night in the Robert Sproat home.

Mr. and Mrs. Edwin Myer and daughter of Joliet were guests Sunday of Mr. and Mrs. William Morrison.

Mr. and Mrs. Charles Dale spent Sunday with the Charles Dale, Jr., family in Wilmington.

Mr. and Mrs. Clayton Cleveland and family were guests Saturday evening of Mr. and Mrs. Carol James in Oak Lawn.

Mr. and Mrs. Hilmar Johnson of Joliet are spending this week with Mrs. Charles Boostrom.

Mrs. Mary Marshall was entertained at dinner Thursday in the home of Mrs. Victor Johnson in Joliet.

Mrs. Alice Froemke of Beverly Hills spent a few days this week with Mr. and Mrs. Charles Laurer.

Mr. and Mrs. Russel Lauffer and family entertained at a family picnic on their lawn Sunday. Guests were Mr. and Mrs. Harley Gillette and sons of Mokena; Mr. and Mrs. Burton Gillette and family, Mr. and Mrs. Robert Gillette and family of New Lenox; Mr. and Mrs. Edward Sproat, daughter Bonnie, Mr. and Mrs. E. D. Gillette.

Mr. and Mrs. Charles Dale, Mr. and Mrs. William Morrison and children and Mrs. Ruth Morrison were guests Saturday evening of Mr. and Mrs. Carl Wegner.

Mr. and Mrs. Ike Cleveland of Orland Park were guests Monday night of Mrs. Mary Marshall.

Mrs. Hike Johansen of Chicago spent last week with her mother, Mrs. Charles Boostrom.

Mr. and Mrs. Robert Eaton and family of Elwood were guests Sunday in the Clayton Cleveland home.

Kenneth Lauffer spent Sunday with Mr. and Mrs. Robert Sproat.

Mrs. Wright Woods of Frankfort and Mrs. Thomas Cooper of New Lenox were guests of Mrs. Ruth Morrison Thursday.

Miss Ann Batten of Chicago is a guest this week of Mr. and Mrs. Loren Sass.

MARLEY COMMUNITY CHURCH

Sunday, July 23, 1950
Sunday school 10 a. m.
Harwood Stellwagen will be in charge. All birthdays in June will be celebrated.

There will be no church services July 30 and August 6. These are the Sundays of church vacation.

Mr. and Mrs. George Janneke entertained the Freeman Fellowship in their home Sunday evening. Mrs. William Bingham presented the program.

MOKENA

Phone 3521

The condition of Robert Schlacks who underwent surgery in St. Joseph's hospital recently, as about the same. Mr. Schlacks is suffering with asthma as well as improving from surgery. His many Mokena friends wish him a more speedy recovery. Mrs. Schlacks is staying at the West Pines hotel to be near him. He has three nurses.

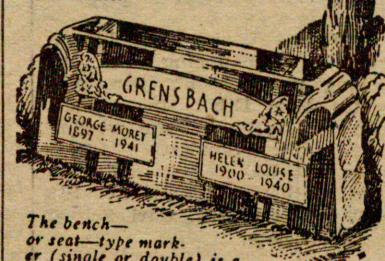

E. N. Grove of Equador flew here Saturday to visit with his sister, Mrs. W. L. Patterson and husband. He expects to leave today for New York from where he will sail for London to visit his mother before returning to his home in Equador.

USE THE WANT ADS

HARDWARE HEADWEAR — The modern kitchen provided abundant inspiration for designers at a recent "hardware hat" show in Miami, Fla. Two of the more imaginative products were the kettle creation, left, modeled by Carol Eckert, and the strainer topper, right, worn by Mary Ann Lewis. Cooking utensil motif makes them particularly useful on picnics.

ORDNANCE NO. 357

AN ORDNANCE FOR THE APPROPRIATION FOR GENERAL CORPORATE PURPOSES AND FOR MATURING BONDS, AND FOR INTEREST ON BONDED INDEBTEDNESS OF THE VILLAGE OF MOKENA, WILL COUNTY, STATE OF ILLINOIS, FOR THE FISCAL YEAR BEGINNING ON THE 1st DAY OF JULY, A. D. 1950 AND ENDING ON THE 30TH DAY OF JUNE A. D. 1951.

Auto Race News

Results of the races held at Schererville speedway July 9:

Fastest time trial, Ernie Nichols.

All heats started with the fastest in the rear.

First heat, 8 laps, first Ernie Nichols of Lansing, Ill.; second, H. Steidinger; third R. Tattersall.

Second heat, 8 laps; first Leo Melcher; second Ray Elliott; third E. Crowe.

Third heat, 8 laps; first J. Whipple; second W. Hedger; third Dick Raiz.

The announcer was that fellow

ley; second J. Gersich; third Dick Raiz.

Fourth heat, 8 laps; first E. Flasing; second J. Sommers; third R. Parker.

Semi, 15 laps; first J. Gersich; second W. Hedger; third Dick Raiz.

Feature

Twenty laps, Schererville Sweepstakes: first E. Nichols, second H. Steidinger, third J. Whipple, fourth, J. Sommers fifth B. Gorney, sixth Leo Melcher.

The feature got off to a good start for the first lap, and J. Whipple who started in ninth spot got through traffic and into first place on the fourth lap with Nichols running about four car lengths behind. Steidinger gave Nichols a tough time for about ten laps. On the 15th lap Nichols pulled up on even terms with Whipple who had been holding down first place and finally got by Whipple on the beginning of the 19 lap, and as the first three cars crossed the finished line for the checkered flag a blanket could have covered them.

There were numerous spills and spins and plenty of thrills that kept

Mr. and Mrs. Maximilian Z. Green ley of Lincoln highway are building a two story house with a breeze way, porch and garage east of New Lenox along the Lincoln Highway. They purchased 40 acres from the Schmuhl estate where the house is being built.

Mr. and Mrs. Orval S. Holt are the parents of a son born to them July 13 in Silver Cross hospital. He has been named David Smith, and is a grandson to Wells and Dr. Janet Holt at New Lenox.

Joyce and Joan Frick left Monday for Webster, Iowa where they will visit Miss Bee Miner. They will also go to Conroy, Iowa where Miss Joan will teach English and music in the junior high and high school this fall.

Mrs. Leona Harvell and daughter Marilyn of Sycamore spent Sunday with her daughter Norma who is living with Mr. and Mrs. Harvey Frick.

Rev. H. N. Huxhole from the Lutheran Child's Welfare association at Addison, will be the speaker at the regular meeting of the woman's league of the Trinity Lutheran church Tuesday afternoon July 25 starting at 2 o'clock.

Members of the Girl Scout troop 96, with their leader, Mrs. Mildred Robinson, and Mrs. Vera Nushaumer enjoyed a Cook-out Wednesday at the local Boy Scout reservation. Plans were made for their camping trip next week.

Mr. and Mrs. Roy Dowel and children George and Betty are enjoying a two week's camping trip on Lake Berry near Tomahawk, Wis.

Mr. and Mrs. U. L. Henry and family have returned from a weeks vacation at LaFayette, and Attica, Ind., where they visited with his parents, Mr. and Mrs. Lee Henry, and his aunt Mrs. Earl Jaynes. Little Judy Henry remained there for a two week's visit.

Mr. and Mrs. Earl Robinson and

daughter Caryl, and Mr. and Mrs. Melvin Whitaker and son Ronald have returned from Munising, Mich., where they spent a vacation at the Whitaker camp Mani-bo-so.

Mrs. Mary Bentley suffered a fall at her home last week and was quite badly bruised.

Mr. and Mrs. Dewey Ruettiger and children from Fairmont, visited Sunday night with the Len Andersons.

Mrs. Thomas Dunn has returned to her home at Symerton after spending a week here with her daughter Mr. and Mrs. Edward McLaughlin and family.

Several New Lenox folks attended the Frankfort homecoming over the week end at the Frankfort grove.

Members of the Young Woman's circle of the Green Garden Methodist church enjoyed a picnic and chicken dinner at the home of Mr. and Mrs. Chester Steinberg Sunday afternoon. Bingo and volleyball were played, and a peanut scramble and other contests were enjoyed by the children with prizes awarded. Approximately 45 people attended.

Ronald Steinberg spent a few days this week in Manhattan with his cousin, Stanley Johnson.

Mr. and Mrs. Burton Gillette and family and Mr. and Mrs. Robert Gillette and family were guests Sunday at a family gathering at the home of Mr. and Mrs. Russell Lauffer in Homer.

Mr. and Mrs. Francis Miller and Mr. and Mrs. Dewey Ruettiger attended the stock car races in Blue Island Friday night.

Mr. and Mrs. Leo Waldvogel have returned home from Rochester, Minn., where they spent two weeks at the Mayo clinic.

Members of the Hammond circle of the Methodist church will enjoy their annual picnic Tuesday, July 25th at the Van Horn woods.

The ice cream social sponsored by the Friendly Circle of the Methodist church on the church lawn, last Wednesday evening was a huge success. The Circle will hold their annual picnic July 30 at the camp grounds.

Mr. and Mrs. Axel Landin of Superior, Wis., spent the weekend

with Mr. and Mrs. Rolland Waide and family. They left Sunday for Lansing, Mich., to visit their daughter and family.

Mr. and Mrs. Robert Gillette and family were guests Friday of Mr. and Mrs. Delmer Lewis and son at their home in Elgin.

Charles Carnahan and sons Charles and Jimmy enjoyed a three day camping trip at Bass Lake, in Knox Ind. last week.

The Woman's Altar and Rosary society met Tuesday night for their regular monthly meeting in the school hall. Plans are being completed for the annual chicken dinner and picnic to be held on the school grounds August 6.

Fifteen girls from Girl Scout troops 98 and 99, with their leaders Mrs. Beverly Vally and Mrs. Lois Bruns, enjoyed a camping trip this week at Channa-Chalet near Channahon. Those attending were Barbara Sayers, JoAnn Wennlund, JoAnn Smithson, Betty Wright, Sandy Eden, Karen Brockman, Sandra Zarse Sylvia Terrando, Carolyn Wise, Lois Batson, Mary Lu Gleason, Judy Eden, Judy Carnahan, Barbara Hauck and Sandra Wanzler. A potluck supper will be served tonight which is family night, at six o'clock, for the parents, who will pick up the girls to return them home.

Mrs. Walter Hamilton and son Russell, and Miss Joan Kern are leaving Saturday afternoon by Greyhound bus for California, where they will spend a two week's vacation. They will stop off at the Grand Canyon, for two days and will visit in Arcadia, with friends and relatives.

Roger D. Hamilton who has been living here with his parents, Mr. and Mrs. Walter Hamilton since his return from Oklahoma, June 1, welcomed his wife Saturday who arrived here from Oklahoma City. They will make their home in Joliet.

The Cardinal 4H club met Tuesday night at the home of Margaret Allen.

The Misses Barbara Schaeffer, Ann Archibald, Annis Baer and Rosemary Archibald left Wednesday for a three day camping trip at Camp Shaw-wau-na-see. Miss Rosemary Archibald will act as counselor at camp.

The Homemakers group of the local PTA will meet at the home of Mrs. Louis McCann Thursday afternoon July 20. Pot luck dinner will be served at noon, and the lesson will be on Plaster Casting, given by Mrs. Fern Luther.

The VFW Auxiliary to Harry E. Anderson Post 9545, will meet July 21 at eight o'clock in the VFW hall on Cedar road. Their bakery sale held last week was a huge success. The VFW met Tuesday night in their hall for their regular meeting. A memorial service was held for Comrade Dickson.

Mrs. George Bethell and sons Jimmy and Bobby have returned from Bass Lake, Knox, Ind., where they spent the past week with relatives.

MOKENA

Phone 3521

CARD OF THANKS

We are deeply thankful to the Mokena Volunteer fire department for their quick and efficient work in fighting the fire at our garage Saturday; also to all neighbors who assisted.

MR. and MRS. FRED WERNER

When Mrs. Delano Wessels and son Robert came from their home in Houston, Texas to visit her mother Mrs. Rose Moriarty, they just

missed the train accident of the El Captain and the Kansas City Chief. They were on the Texas Chief which was an hour late out of Ft. Worth, Texas otherwise they would have been closer to the accident scene. They were re-routed over the Burlington and arrived in Aurora instead of Joliet. Mr. Wessels is expected to come this week end and their plans are to all return about the middle of August.

Speaking of the train wreck, a Mokena man was in it. Richard Needham was on the Kansas City Chief, returning to Mokena from a visit with relatives at Herington, Kansas. Fortunately he was in a car that was not hit during the collision.

Mrs. Lizzie Moriarty, who returned to her home from Silver Cross hospital two weeks ago, is improving slowly. Mrs. Alice Thomas is caring for her ant living with her.

Mrs. Lillie Cooper and grand daughter Paulette and Mr. and Mrs. Herbert Cooper spent last week with Mr. and Mrs. George Bassett and family at Ontario, Wis. They also visited with Mr. and Mrs. W. H. Newton at Sparta, Wis.

Mr. and Mrs. C. M. Coburn accompanied his uncle and aunt, Mr. and Mrs. L. K. Tomlinson of Sherad, Ill., on a motor trip to International Falls and Park Rapids, Minn. They were gone 10 days and returned Monday.

There will be no church or Sunday School in the Methodist church for the next two Sundays, as the pastor and family are away on their vacation.

Mr. Dean Rueckert left Sunday for a week's business trip to Columbus and Cleveland, Ohio.

Miss Karen Anderson, daughter of Mr. and Mrs. Russell Anderson was one of the performers in a dance recital in the Civic Opera house in Chicago Sunday, July 2. She took part in a tap dance and a ballet dance.

Mrs. Marie Anderson and her sister Mrs. Katherine Sufeldt of Chicago are vacationing at Miami Beach, Fla.

Mr. and Mrs. George Bisgrove, Mrs. Eleanor Kruas and Mrs. John Stauffenberg are enjoying a two week vacation in Montana visiting relatives.

Pfc. Robert J. Jacobs, son of Mrs. Marie Cooney, has been transferred to the Island of Guam in the Pacific.

Three new garages have been built in the past weeks in Mokena. James Fassett has had a two car garage completed at his home; Berle Needham and H. Mann have had a single garage built at their homes.

Mr. and Mrs. Everett Creer have started work on excavating the basement for their new home on Second street.

Mr. and Mrs. Oliver Schaeffer returned last week from a delightful two week's vacation. They spent it motoring out west, thru the Rockies, going through passes lined with 18 feet of snow on either side of the highway. Their farthest point northwest was Seattle, where they visited Paradise Inn at Mt. Rainier. The Inn still had many feet of snow on its roof as well as the surrounding territory. The west had more snow last winter than they have had for 50 years.

Mrs. William Rodeghevo, who underwent a major operation in St. Joseph's hospital in Joliet, July 10, underwent a second major operation July 13. She is doing nicely.

ORLAND PARK

Mrs. Sherman Knox
Orland Park 211W

Colonel J. K. Fogle has sold his estate on 151st and West Ave., in Orland Park to Frank M. Goodman. Mr. Goodman, recently transferred from Cleveland, Ohio, is an executive of Central Screw Co., of Chicago. The family have already moved to Orland. Two of four children are school age, Barbara, high school, and Shirley will enroll for first grade this fall. Welcome to Orland community.

The Foggles are living in the cottage adjoining the estate, while they are building a smaller home on part of their property.

James Buchanan, who was a member of the grade school faculty, has accepted a teaching position in LaGrange, where he and his wife have moved.

Naome Horn of Evergreen Park is spending her vacation with her grandparents, Mr. and Mrs. Robert Horn.

The John Kreiger family of Lemont, were Friday evening guests of the Gust Oelke's.

Dean Clifton, son of Mr. and Mrs. Frank Clifton, left July 1st for O'Hara Field, Glenview for two week's vacation training. Dean had just recently signed up with the Army Air Corps reserve and had been going to the field every Saturday or Sunday to work for two or three weeks. He served in the Marines as a Corporal for 4 years. He and a buddy visited in Orland over Saturday and Sunday.

Teddy Cooper, son of Mr. and Mrs. Floyd Cooper, celebrated his 6th birthday, July 11, with a party for his little friends.

Cynthia Cooper, daughter of Mr. and Mrs. Merrill Cooper, celebrated her 3rd birthday July 12. She also had a party for her little friends in the afternoon.

Mrs. William McAleer, daughter Mary Jane and husband Eric Williams, have just returned from a week's vacation at Eagle River, Wis., where the Jorgensen family are vacationing.

A surprise personal shower honoring Marie Heiting, Orland., was given by Marilyn Schuessler, Shirley Braasch, and Myrtle Novak, Thursday evening, July 13 in the home of Marilyn Schuessler in Pal-

os Park. The bride elect received many beautiful gifts. After an enjoyable evening, refreshments were served.

A miscellaneous bridal shower in honor of Lillian Chahk who will become the bride of Edward McCarthy, Saturday, July 22, was given by Mrs. McGeary and Juanita McCarthy sister-in-law and sister respectively, of the groom to be, Friday, July 14 in Chicago. Games were enjoyed and refreshments were served. Lillian received many lovely gifts.

Mrs. Matt Lesch of Lemont, sister of Matt Ludwig is spending a week or so with her sister-in-law, Mrs. Matt Ludwig.

A marriage license has been issued in Joliet to Esther V. Klein and James B. Whaley.

The Roy Loebe family have returned from a 10 day vacation trip to Tennessee. Mrs. MacMurray, mother of Mrs. Loebe, who has been visiting with her daughter and family accompanied them and will visit with her son Fred MacMurray and family in New Tazewell, Tenn., where the Loebe's spent one week. They also visited friends in and around Oak Ridge. Johnnie Oglesby, a daughter, will spend the rest of the summer in Tennessee.

The commuters of Orland Park on the Wabash railroad were over an hour late arriving home Saturday evening, due to the fire which swept the United States mail dock south of the Dearborn station. About 50 tons of parcel post packages were destroyed.

The Orland Park Post 526, the American Legion, will entertain the Eighth District of Department of Illinois, Thursday evening, July 27 at Glen Eagles Golf course club rooms.

Billy Andres returned Saturday from New Buffalo, Mich., where he spent a week with friends.

IN MEMORIAM

FEIGEL—Hilda. In loving memory of our beloved wife and mother who passed away one year ago July 19. Our love for you will never fade. We'll always hold you dear. Though on earth we are apart, Deep in our hearts you are near. We pray each night for God To keep you in His care, Until some day we'll meet And be together there.

HUSBAND and CHILDREN

A son was born to Mr. and Mrs. Henry Pockstahler July 11 in Ingalls Memorial hospital.

Mrs. Henry Johnson was honored at a stork shower in the home of Mrs. Henry Olsen with Mrs. Arlene Price as co-hostess, Monday evening. Each guest brought a baby picture of herself and Mrs. Helen Glahn was awarded a prize for guessing each picture correctly. Mrs. Johnson received many nice gifts. Refreshments were served.

The Bremen unit of Home Bureau will meet Wednesday July 26 at 1:30 in the home of Mrs. Leonard Spilowski with Mrs. Earl Siemsen and Mrs. Kenneth Schmudde as hostesses. The Cook county Home Adviser, Claradell Upham will give the major lesson on, Our Feet.

George C. Meyer left Friday even-

ing on a week's vacation to visit relatives in Kansas.

Mr. and Mrs. John T. Kelley and daughter were weekend guests of Mr. and Mrs. Donald Baston.

Mr. and Mrs. Emory Kott are parents of a daughter, born recently in St. Francis hospital. She has been named Linda Kay. Mrs. Kott is the former Jay Berg.

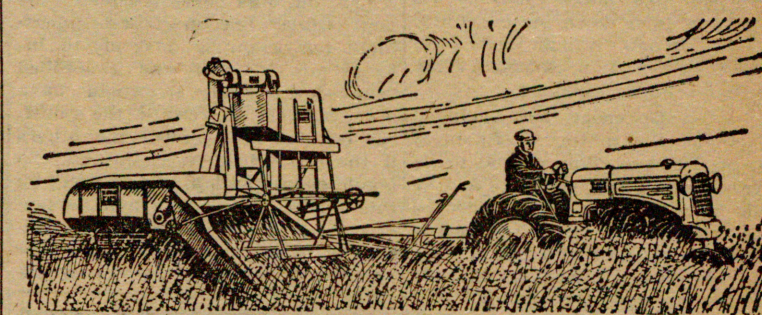

Mr. and Mrs. John Schriener and son of Plattsmouth, Neb., and Mr. and Mrs. Jim Anderson and daughter of Pasco, Wash., were guests of M.Sgt. and Mrs. James I. Price last week.

The annual picnic of the Bremen

unit of Home Bureau was held Sunday in Tinley Creek woods. After a pot luck dinner, games were played. Mr. and Mrs. Harry Brandau are visiting their son and family, Mr. and Mrs. Bud Brandau at De Nova, Colo., for a short time.

Mr. and Mrs. Merlin Butzer and family and Charles Vogt visited Mr. and Mrs. William Kniem in Rudolph, Wis., last weekend. They report crops looked good.

When moisture is present, galvanized roofing sheets stored in piles act as an electric battery and develop current which breaks down the zinc coating and deposits "white rust".

DON'T DELAY!

Soon you'll be ready to go into the fields to get the ground ready for another crop. After that, there may be no time to think about harvesting machinery until it's time to harvest.

Right now our shop and our mechanics are at your service to check over your combine or tractor or any other machines you'll be using soon to put them in first class shape for the season's work. This is just a reminder that we are anxious to serve you, with GENUINE MM PARTS AND SERVICE.

Now is the time to act! See us!

Ford Tractors do well without much servicing but... like other machinery... they appreciate a little extra care. It pays to see us for a tractor check-up once in a while. Then you'll get full benefit of the performance for which the Ford Tractor is famous.

Whether you need parts, service or supplies for your tractor or equipment... or are in the market for a new Ford Tractor or Dearborn Implements... phone us or drop in.

water
IT'S HOT & WEATHER!
Time to get an automatic
GAS Water Heater!

So Automatic...

A GAS water heater automatically keeps you supplied with abundant hot water. Just turn the tap... and there it is!

Such quick recovery...

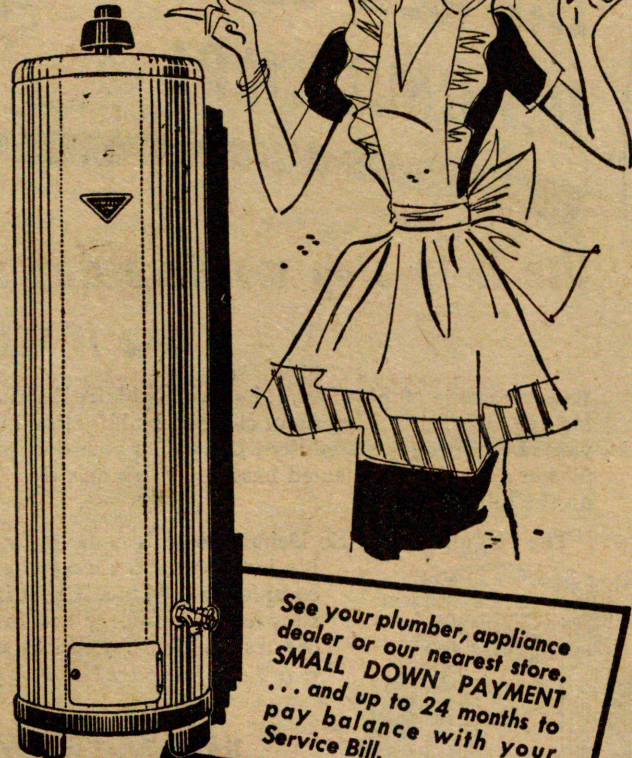

A GAS water heater replaces used hot water fast... draw some off and more is heated. There's always hot water—even after doing the laundry.

Most dependable...

An automatic GAS water heater is always on the job. You never even have to think about hot water... it's just there when you need it.

And very economical...

Just a few cents a day gives you the luxury and convenience of hot water at the turn of a tap... with a GAS water heater.

See your plumber, appliance dealer or our nearest store. SMALL DOWN PAYMENT... and up to 24 months to pay balance with your Service Bill.

PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS

Your summer (and all the other seasons) will really be carefree if you have an automatic GAS water heater. No more bothersome trips to the basement an hour before you want to take a bath... no more worrying about accidentally leaving a water heater on too long. When you have a cool, economical GAS water heater you'll have plenty of hot water automatically... 24 hours a day!

Special Session Comment

By LOTTIE HOLMAN O'NEILL

In these days of confusion, half truths, propaganda, and no truth at all, the writer's intention is to interpret what happened at Springfield during the special session just adjourned, as I saw it.

The effort to extend rent control for another six months by referring it to municipalities who could adopt it by resolution if needed was passed without much trouble; some talk of course, but in the end both parties agreed that it might be well to taper off on this, and so the bill was passed. Another bill provided to furnish and make ready a TB sanitarium in a down state county, at Mt. Vernon, which had been finished earlier than expected. This also had united support.

But the Governor had included in his call the matter of financial help for Chicago. This proved to be a trouble making subject and it would have brought much grief to the taxpayers if the Republicans had not intervened and put a stop to all the bills presented by the ad-

ministration for that purpose. This is not to say that the members turned their backs on the city without endeavoring to understand the problem. They simply carefully examined the bills as presented and turned them down or offered substitutes or amendments. The Governor refused to listen and made the decision that it would be his way or none so it was none.

For this taxpayers owe a debt of gratitude to the minority party of this state. If the Republicans had not taken this stand, for which the governor roundly abuses them through almost 100 radio outlets and additional press releases—the taxpayer would be faced with the following:

Tax on services and professions. This bill was badly beaten in the last regular session as an impertinent intrusion by government into private business and a so-called "shakedown" bill. It would have been possible to reward the political faithful and punish the others if the office holders so desired. So much consternation was caused by this threat that letters and personal calls were registered with members in such numbers that sure defeat was in sight for it and so the

third reading toll call was dropped without, as one person expressed it, "putting anyone on the spot". That is how had this bill was.

Then the addition of a half cent sales tax was considered. This the Republicans turned down. Then a plan to remove the limitation on tax rate municipalities throughout the state, so that if the need arose or seemed to the powers on hand to have arrived they could go ahead without reference to the people. This the Republicans were firmly against.

Then a bill to divert twenty-eight millions of dollars to general relief was presented. No information was available as to which department was to have this taken away. The head of the Illinois Public Aid Administration was called and upon questioning he said there was enough on hand to get along with until the next regular session, and that seemed to settle that matter. One member said that the man was a welfare worker and not a politician or he would not have replied to the question in that way. The bill passed the House which is in control of Democrats and went to the Senate now controlled by Republicans. Here it struck a hurdle. The Republicans cut it down to seven million, approximately, and sent it back to the House. The House refused to accept the cut so they got nothing.

Then the old peg levy was brought up. This plan appears to be similar to the cutting of a pattern and they finding that the cloth is too small and then demanding that a larger cloth be provided, in the form of an increased tax to bring the figure up to the required pattern. Instead of the people saying what they want and can pay for, it appears that the administration in Chicago decides what

they ought to have and then proceeds to make them pay for it whether they want it or not. That is the way these pegged levies always appear to me.

I am saying that is the way the whole thing looks to me; it follows that the taxpayer rebels the same as any of us would. Anyway that was the way it was to go and so the administration asked that this cloth or levy be pegged up another notch to the tune of nine million dollars, or fifty million instead of the present forty-one. The Civic Federation and Taxpayers' groups generally demurred and called for help. The only help around of course consisted of the Republicans and again they were marched up to the front line in the Senate and went into action. They said if the emergency of underpaid policemen and firemen in Chicago really existed, and we all thought it did and were trying to help the employees as much as possible, the Republicans would let the Democratic administration in Chicago lift the lid to the extent of five million instead of nine, with the provision that the lid would again close in 1951 unless the voters by referendum decided otherwise. To this the Mayor and Governor turned the tabled tin ear. They said, No, it is our way or nothing. The proposition was bandied about through the house and into the Senate. The House put back the larger amount, the Senate had amended it down and refused to recede. Into a conference committee went the Peg Levy, out it came with the report of a tie, no decision, then into conference again, the last that could be appointed, and out it came again, but no decision. The bill was dead. The result was that the Governor had stood for his plan or none, he got none. Much could be said about Re-

publicans and not all to their credit but I do not hesitate to state that this party came out of that special session with colors flying and when they said they could and would stop the spenders they meant it and they did it.

So after all this scrambling and struggling it is disappointing to have the Governor come out over ninety seven or so radio outlets and as many press releases and tell the world that the Republicans are a bad lot who sought to impose impossible conditions on his aid bills and otherwise behaved like they enjoyed wasting one hundred thousand dollars in the special session.

Attention is directed to the fact that if the session was worth anything at all, it was in its negative nature. Consider where we would all be now after the first of the present month, with any of these taxes on us that were attempted.

It might be well for the future session if people who agree that we did good job would advise our chief executive that they hope for a return of that kind of action in the next regular session. He says we are going to have higher taxes and nothing can stop it. Maybe if we decide to get along without some things and in that way save ourselves the way the average householder has to do to keep his head above the financial water, it might be a good plan for government.

It is only six months until a regular session of the Legislature when these problems can have careful consideration, and be handled without haste. They can wait to the benefit of us all.

Apple Crop Short This Year

The Illinois apple crop is estimated to be 50 or 60 percent of normal this year. A normal crop is around three million bushels.

V. W. Kelley, Illinois College of Agriculture fruit specialist, says this drop is to be expected, since the state had a bumper crop last year. An "off" year usually follows a year of high apple production. Illinois apple growers now are

TO SWEDISH POST — W. Walton Butterworth, above, assistant secretary of state, was named by President Truman as U. S. ambassador to Sweden, replacing Ambassador H. Freeman Matthews. Butterworth was strongly attacked in Congress while in charge of the State Department's Far Eastern division.

putting the last of the Transparent crop in baskets and shipping them to market. Many orchards of the later Duchess variety are ready for picking and will be on the market soon, Kelley says.

Many Boy Scouts at Morris Reservation

The fifth week of camping at the Rainbow Council Reservation, Morris, Illinois began Sunday afternoon July 16, with 190 Scouts and Scouters in camp. This is the largest group in camp at any one time during this season. Troop 71 of Morris, with 31 registered, has the largest delegation. Other Troops include 76 of Morris, 125 of Bradley, 66 of Coal City, 5, 31, 32 of Joliet, 102 and 104 of Kankakee.

Opening activities included a medical checkup given by Dr. Leon Gardner of Joliet. Swimming tests and instructions were given by Walter Johnson of Joliet, the waterfront director. Albert Juterbock, Rainbow Council Field Executive, was in charge of the retreat at which time the flag was lowered by the color guard and the Scouts were orientated into their week's activities. The closing activity was a campfire at the council ring at which time the boys were entertained with a short Indian Pageant and the camp staff were introduced. E. W. Townner, of Lexington, Ill., is director of the camp, succeeding Assistant Scout Executive Donald E. Berg who has recently been at the Scout Jamboree at Valley Forge and will soon transfer to Traverse City, Michigan.

STATE OF ILLINOIS
VILLAGE OF MOKENA
ORDINANCE NO. 358
An Ordinance Establishing Building Regulations for the Village of Mokena.
Be It Ordained by the President and Board of Trustees of the Village of Mokena, Will County, Illinois:

ARTICLE 1. GENERAL PROVISIONS

Sec. (1) Permit Required. It shall be unlawful to construct any building or structure in the Village where the cost of such construction exceeds one hundred dollars or to alter or remodel any building or structure so as to change the bearing walls, beams, supports or the roof thereof, without having first secured a permit therefor.

Sec. (2) Applications. Applications for such permits shall be made to the clerk and shall be accompanied by plans and specifications in duplicate showing the work to be done; such application and plans shall be verified by the signature of either the owner of the premises or by the architect or contractor in charge of operations acting as the authorized agent of said owner.

Sec. (3) Approval of Plans. Such applications with plans shall be referred to the Building Committee, who shall examine the same to determine whether the proposed work will comply with the ordinance provisions relating thereto. Upon approval, one set of plans shall be returned by the Building Committee. No permit shall be issued except after approval of the plans and payment of the fee herein provided for.

Sec. (4) Fee. The fee for such permits shall be one dollar and fifty cents (\$1.50) for the first thousand dollars or fraction thereof of the cost of the proposed building or alteration, and one dollar (\$1.00) for each additional thousand dollars or fraction thereof of such cost. Each application for permit shall state the estimated cost of such construction, alteration or remodeling.

Sec. (5) Variations. It shall be unlawful to vary from the approved plans and specifications deposited with, and approved by the Building Committee unless amended plans and specifications showing such proposed alterations or variations are first filed with the Building

Committee and approved by it; if such variation involves an increase in the total cost of the work a statement to that effect shall be made and the necessary additional fee paid.

Sec. (6) Duration of Permit. Each such permit issued for remodeling work not to exceed one thousand dollars, (\$1000.00) shall be valid for a period of sixty days and permits for all other remodeling and new construction shall be valid for a period of twelve months.

Sec. (7) Enforcement of Provisions. It shall be the duty of the Building Committee and any lawfully appointed deputies to enforce the regulations of this ordinance. The building committee or its deputy is hereby empowered to make such inspections as may be necessary to see to the enforcement of these provisions, and to make any tests or examinations of materials or methods to be used for the purpose of seeing if they comply with the requirements of this ordinance. No permit shall be issued for the erection of a building, the plans and specifications of which do not provide for construction methods which will permit exposure to view of all parts at the site for inspection and test by the Building Committee or its representative for the purpose of seeing whether they comply with the requirements of this ordinance.

Sec. (8) Stop Order. The Building Committee, or such other person as may be authorized by the President or the Board of Trustees, may order work stopped whenever any construction, alteration or repair work is being done in violation of any provisions of this ordinance; der work stopped whenever any such stop order, when oral, shall be followed by a written stop order within twenty-four hours. It shall be unlawful to continue with any such work in violation of a stop order until such order has been revoked by the person issuing it or by the President or Board of Trustees.

Sec. (9) Penalty. Any person, firm or corporation violating any provision of this article shall be fined not less than one dollar nor more than two hundred dollars for each offense; and a separate offense shall be deemed committed on each day during or on which a violation occurs or continues.

ARTICLE 2. FIRE LIMITS

Sec. (1) Boundaries. All that part of the Village which is zoned for

business, commercial or industrial purposes is hereby designated as and to be the fire limits of the Village.

Sec. (2) Exterior Coverings. It shall be unlawful to construct or erect any building or structure or portion thereof or addition thereto, in the fire limits unless the exterior walls and roof of such building or structure are covered or constructed of non-inflammable material; provided, that this shall not operate to prohibit the construction of temporary one-story buildings for the use of builders during construction of the fire-proof structure; wooden fences not over eight feet high; piazzas or balconies not exceeding ten feet in width or extending more than three feet above second story floor beams; bay windows when covered with incombustible material; or during construction for work men engaged thereon small out-houses not exceeding one hundred and fifty feet in area nor eight feet in height.

Sec. (3) Repairs. It shall be unlawful to repair any existing frame building within the fire limits after the same has been damaged by any cause to fifty percent of its value.

Sec. (4) Penalty. Any person, firm or corporation violating any provision of this article shall be fined not less than one dollar nor more than two hundred dollars for each offense; and a separate offense shall be deemed committed on each day during or on which a violation occurs or continues.

ARTICLE 3. DANGEROUS BUILDINGS

Sec. (1) Definitions. The term "dangerous building" as used in this ordinance, is hereby defined to mean and include (a) any building, shed, fence, or other man-made structure which is dangerous to the public health because of its condition, and which may cause or aid in the spread of disease, or injury to the health of the occupants of its or neighboring structures; (b) any building, shed, fence, or other man-made structure which, because of faulty construction, age, lack of proper repair or any other cause, is especially liable to fire and constitutes or creates a fire hazard; (c) any building, shed, fence, or other man-made structure which, by reason of faulty construction or any other cause, is liable to cause injury or damage by collapsing or fall of any part of such structure; (d) any building, shed, fence, or other man-made structure which, because of its condition or because of lack of doors or windows is available to and frequented by malfactors or disorderly persons who are not lawful occupants of such structure.

Any such dangerous building in the Village is hereby declared to be a nuisance.

Sec. (2) Prohibition. It shall be unlawful to maintain or permit the existence of any dangerous building in the Village; and it shall be unlawful for the owner, occupant or person in custody of any dangerous building to permit the same to remain in a dangerous condition, or to occupy such building or permit it to be occupied while it is or remains in a dangerous condition.

Sec. (3) Abatement. Whenever the Building Committee or its deputy, or the Fire Marshal or the Health Officer shall be of the opinion that any building or structure in the Village is a dangerous building, he shall file a written statement to this effect with the Village Clerk. The Clerk shall thereupon cause written notice to be served upon the owner thereof, and upon the occupant thereof, if any, by registered mail or by personal service. Such notices shall state that the building has been declared to be in dangerous condition, and that such dangerous condition must be removed or remedied by repairing or altering the building or by demolishing it; and that the condition must be remedied at once. Such notice may be in the following terms: "To . . . (owner-occupant of premises) of the premises known and described as . . . You are hereby notified that (describe building) on the premises above has been condemned as a nuisance and a dangerous building after inspection by . . ."

(Continued on next page)

SCRIPTURE: I Samuel 2:26; 3:1-10; 19-21; 7:3-8; 15:16; 9:10; 12:1-5; 13:5-15.
DEVOTIONAL READING: Proverbs 11:1-14.

Many-Gifted Man

Lesson for July 23, 1950

IF A MAN can do one thing well, he can usually find his place in the world. Life being as short as it is, and the possibility of misfits being what it is, it may also be fair to say that many a man who does one thing well could have done something else better, if he had had the chance. In Grey's "Elegy," you remember the line, "Some mute inglorious Milton here may rest."

Dr. Foreman

That is, in a country church-yard may rest the bones of some hired man who, if he had had another kind of start, might have been a world-famous scholar and poet like John Milton.

Triple-Threat Men

WHAT in football is called a "triple-threat man" is to be found off the gridiron, sometimes, in real life. Once in a great while there arises a man who not only "could have done" more than one thing well, but who because of special circumstances and opportunities actually does many things well.

Such persons are rare, and far above the average. Ordinary men take such a long time becoming experts in one line that they simply don't have time in their lives to be expert at other things too. But there are geniuses with many sides, or perhaps men gifted with many talents plus an extraordinary capacity for hard work.

In our times there is Albert Schweitzer, outstanding not only as a scholar but as a musician, doctor and missionary. The President of Harvard at the present time is a noted chemist as well as a distinguished executive. Robert E. Lee was a brilliant soldier who also, as an educator, left his mark on his native state to this day. Leibnitz was a diplomat and philosopher; S.B.F. Morse not only invented the telegraph but was a painter of unusual ability; the man who thought up the idea of savings banks was a minister of the Gospel; King David was a poet, musician, general and monarch.

Samuel the Versatile

SAMUEL, Judge of Israel, was another such man. "Jack of all trades but master of none" does not describe him, for he was master of whatever he did. He has gone down in history as a prophet—what in our times is called a preacher; but this was by no means all. He served his generation in other ways as well.

He was the chief executive of the people, king without the title. Though possessed of dictatorial powers, when during a wave of unpopularity he resigned, and dared his critics to produce one single case of dishonesty or graft, none was brought against him.

He was a circuit judge, going from one city to another dispensing justice. He acted as a priest, indeed as the high priest of his people. We know of one occasion when he led his people in battle, and he was as successful as if war had always been his business. He was a king-maker, for God entrusted to him twice the delicate mission of selecting Israel's king.

Times and the Man

TWO thoughts strike one who reads the story of Samuel. One is the way his great and many-sided powers were used for public service. Put into modern terms, he could have made a fortune if he had "stuck to private practice" and used his talents for himself. But at no time and in no way did Samuel work for Samuel. He worked for God and his country, and he died a poor but honored man.

One of the greatest needs of the nation today is men of Samuel's calibre, triple-threat men.

We have plenty of small-calibre bureaucrats, and we have plenty of large-calibre men who are quite selfish. How few unselfish large-calibre men there are! The other thought is that the times and the man go together. A man's greatness comes in large part from his opportunities.

John Milton helped make England—but England also helped make him. Samuel helped make Israel, but at some other stage in history, he might have lived and died a country priest.

Let no man think himself self-made; not even a great man. Without the God who endows him with his gifts, without the times that call forth the gifts, even the most gifted shrink to little or nothing.

LINCOLN ESTATES

Mrs. Robert Wheeler
Tel. Frankfort 4415

Miss Joyce Swatik, Rt. 30, received a scholarship to the All State Normal University at Bloomington. She will begin her studies there in November. The Swatik family was recently invaded by a surprise visit from a very large swarm of bees which took up residence in the inner wall of the new addition which Al Swatik is building.

Mr. and Mrs. John Huebschke, brother and sister in law of Mr. and Mrs. F. Willard and Mrs. Lily Cowburn and grandson of Chicago enjoyed a visit last Sunday afternoon with Mr. and Mrs. Willard of 80th ave.

Mrs. E. J. Hermanek and daughters Linea and Marjory, Rt. 30, spent a week way up in the northern part of Wis. They report that the weather was nice and cool but too cool for swimming.

Mr. and Mrs. W. C. Miller of Plant City, Fla., returned home Monday morning after a long visit with his sister and husband, Mr. and Mrs. W. C. Davidson of 79th avenue.

Julia P. Miller, who has also been visiting with the Davidsons and spent this week in Gary with her daughter, Mrs. June Ashton. Mrs. Davidson's sister, Mrs. Martha Allen, who is a teacher in Avon Park, Fla. is leaving for a trip to Colorado and Grand Canyon.

Mr. Arthur Reese of Hillside Rd. is confined to Presbyterian hospital in Chicago where he underwent surgery.

Mr. and Mrs. James Dixon of 79th avenue, just returned from a two week's vacation to California.

Mr. J. Bissell and Mr. Robert Wheeler and son Denny of 80th avenue spent last Tuesday at the All Star baseball game at Comiskey Park.

Mr. and Mrs. Bissell spent two days last week visiting with Mrs. Cora Spooner in Long Lake, Ill.

Mrs. Florence MacWharther of 80th avenue is spending two weeks vacation in California.

Mr. Steve Studnicki and daughter Elaine of Hillside road are spending a vacation with relatives in Iowa.

long life...

DODGE "Job-Rated" TRUCKS

Here's an important Dodge "first" that means smoother truck operation, longer truck life and new truck economy for you.

It's *gyrol* Fluid Drive . . . brand new . . . and now available on Dodge "Job-Rated" 1/2, 3/4, and 1-ton models.

Fluid Drive provides smoothness like you've never known before. That's because it applies power by fluid . . . not by a rigid mechanical connection.

Fluid Drive's cushioned operation protects your loads and also means less wear on vital parts. So your truck lasts longer, requires less upkeep.

Remember . . . only Dodge "Job-Rated" trucks offer you Fluid Drive!

See us for a demonstration of a Dodge "Job-Rated" truck . . . with smooth-running Fluid Drive . . . today!

LEGAL NOTICE

(Continued from previous page)

The causes for this decision are (here insert the facts as to the dangerous condition.)

You must remedy this condition or demolish the building immediately, or the Village will proceed to do so.

If the person receiving such notice has not complied therewith or taken an appeal from the determination of the officer or employee finding that a dangerous building exists, within ten days from the time when this notice is served upon such person by personal service or by registered mail, the building committee or its deputy may, upon orders of the Board, proceed to remedy the condition or demolish the dangerous building.

Sec. (4) Fire Lights. Any frame building or structure within the fire limits of the Village as hereinbefore prescribed by ordinance, which has or may be damaged by fire, decay, or other cause to the extent of fifty percent (50%) of its value shall be torn down and removed.

Upon written notice by the Building Committee, the Health Officer or the Marshall, to the effect that such building has been so damaged, filed with the clerk, the said Clerk shall notify the Board of the receipt of such notice. The Board shall then appoint three (3) persons to determine whether or not such building or structure has been damaged to the extent of fifty percent (50%) of its value.

A copy of the notice of the appointment of this board of three persons to determine the damage shall be served upon the owner of the premises by personal service or by registered mail at his last known address.

Such notice may be in substantially the following form:

"To

You are hereby notified that

..... has determined that the building owned by you at

located within the fire limits of the Village has been damaged by fire, decay, or otherwise to the extent of fifty percent (50%) of its value and that a board of three (3) persons has been appointed to verify this finding, which board will hold its first meeting in room

in the Village Hall on the day of at the hour of o'clock, at which time it will determine whether or not this finding is correct.

If this finding is verified by the board, you must tear down and remove the said building."

If the said board of three members determines that the building in question has been damaged to the extent of fifty-percent of its value, it shall be the duty of the owner to tear down or remove the said building within twenty days after the finding of the board; and it shall be unlawful to occupy or permit such building to be occupied after such finding.

Sec. (5) Penalty. Any person, firm or corporation violating any provision of this article, or permitting any dangerous building, or any building or structure to remain in a dangerous condition, or to remain in the fire limits after it has been damaged to the extent of fifty percent (50%) of its value shall be fined not less than one dollar nor more than one hundred dollars for each offense; and a separate offense shall be deemed committed on each day during or on which a violation occurs or continues.

ARTICLE 4. CONSTRUCTION REGULATIONS

Sec. (1) Regulations to be Obeyed. It shall be unlawful to construct or alter any building or structure, other than fences in the Village, except upon compliance with the provisions of this article.

Sec. (2) Hazardous Uses. Any building or structure intended to be used in whole or in part as a theatre, auditorium, a public garage school or hospital, or any building to be used for the storage of explosives or flammable liquids or for a dry cleaning establishment, foundry or coffee roaster shall be constructed according to the specifications for fireproof construction. The Building Committee shall determine whether the construction methods and materials indicated in the plans and specifications are fireproof in accordance with the generally accepted standards of fireproof construction.

Sec. (3) Wooden Structures. No wooden building hereafter erected or altered outside the fire limits shall exceed two and one-half stories or thirty feet in height.

No wooden frame building hereafter erected for any occupancy other than grain elevators, coal elevators and pockets, and ice houses shall cover a ground area exceeding the following:

One story building, 7500 square feet.

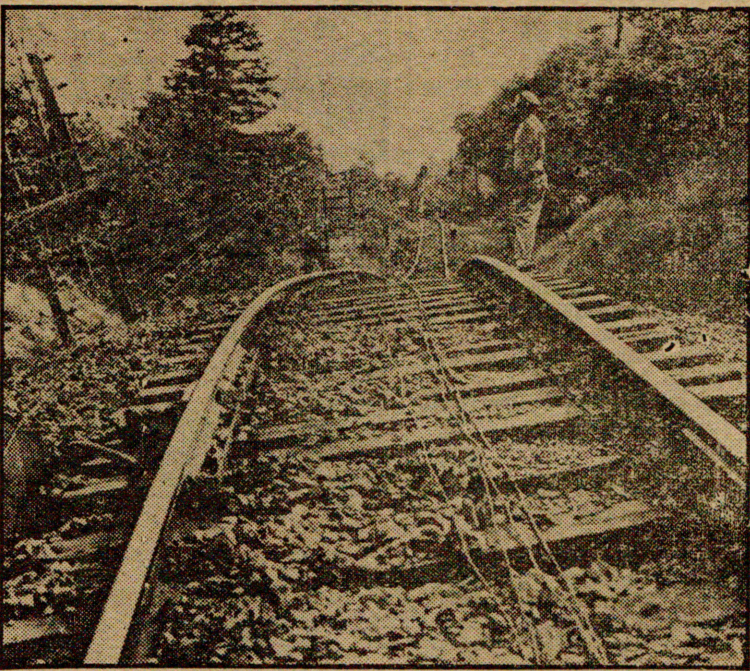

Two story buildings or two and one-half story building, 5000 square feet.

Sec. (4) Beams Entering Party Walls and Fire Walls. Where floor beams, ceiling or roof beams enter a party of fire wall from opposite sides, the ends of such beams shall be separated at least six inches by solid masonry or concrete. Such preparation may be obtained by corbeling the wall or staggering the beams, but no wall shall be corbelled more than two inches for this purpose. The ends of all wooden beams entering the masonry walls shall be cut to a level to make them self releasing.

Sec. (5) Openings in Party or Fire Walls. Openings in party or fire walls shall be provided with self-closing fire doors or with positive means of closing the openings to prevent the passage of fire. Doors in fireproof stair and elevator shaft enclosures and coverings for hatch ways in floors of all buildings shall be self closing.

Sec. (6) Chimneys. All chimneys must be set upon a concrete base large enough for support and must be constructed with flue linings surrounded by a four inch brick wall.

Chimneys for high-pressure boilers, furnaces used in manufacture,

A LITTLE BUMPY HERE—What appears to be a roller-coaster railroad is actually the result of a landslide near Bonneville, Ore. The rails were twisted and telephone poles and trees uprooted when the slide sent tons of earth crashing down along the Columbia River Highway.

or for other heating appliances where high temperatures are maintained, and all isolated chimneys, shall be designed and built in accordance with good engineering practice and so that the stress in every part thereof, due to temperature changes, wind pressure, and the weight of the chimney itself, shall not exceed the safe limits specified as reasonably safe for the materials used, in accordance with generally accepted standards.

Sec. (7) Stair and Elevator Shafts. The stair and elevator shafts of all buildings except private dwellings, hereafter erected more than two stories high, shall be enclosed continuously by incombustible material consisting of reinforced concrete not less than two and one-half (2½) inches thick, or solid Portland cement plaster not less than two and one-half (2½) inches thick on metal lath and metal frame, or reinforced concrete not less than three (3) inches thick, or of any fireproof material or construction that will pass the standard fire test of the Underwriters Laboratories for a period of at least two hours. The thickness must be sufficient in all cases to give rigidity.

Sec. (8) Means of Egress. All buildings, except single family dwellings, more than one story high hereafter erected shall be provided with at least two means of egress from the building, as far from each other as the plan of the building will permit, or by a doorway in a fire wall leading to another floor area which is provided with adequate stairs or other independent means of exit. No part of a floor shall be more than one hundred (100) feet from an exit.

Sec. (9) Fire Escapes. In addition to the exits otherwise provided for and required every building of more than three stories which is used for residence purposes of more than one family, or is used as a store, office or factory, and every building of more than one story which is used in whole or in part, above the first story as a theatre, school, or auditorium, shall be equipped with at least two metallic fire escape stairways leading from the roof to the ground; provided that an enclosed fireproof stairway of at least five feet in width, which is equipped with fire-proof doors and the structure and shaft of which are so constructed as to be independent of support from the rest of the building, so that they can stand alone, may be substituted for such outside fire-proof stairways.

The ground exit of such stairways, whether enclosed or outside shall be in such position as to afford ready and immediate escape from the immediate vicinity of the building.

It shall be unlawful to obstruct or permit the obstruction of, any such fire escape or stairway, or the entrance thereto or exit therefrom.

Sec. (10) Floor Area. The floor area of a one story house hereafter erected shall not be less than six hundred twenty four (624) square feet; the floor area of a two story house shall not be less than five hundred seventy six (576) square feet.

Sec. (11) Foundation and Footing. All buildings to be used as dwellings or for human habitation shall be erected upon a stone, brick, concrete or other non-combustible foundation, supported upon a properly designed footing which must be well below the frost line.

In a one-story building without a basement, the footing shall be not less than six inches deep and twelve inches wide.

In a two-story building, the footing shall be eight inches deep and sixteen inches wide.

Sec. (12) Floor Joist Construction. Floor joist construction shall be in accordance with the following:

2x6 on 16 inch centers on 6 foot span.

2x8 on 16 inch centers on 14 foot span.

2x10 on 16 inch centers on 16 foot span.

2x12 on 16 inch centers on 18 foot span.

2x14 on 16 inch centers on 20 foot span.

All joists must be bridged every 8 feet.

Sec. (13) Frame. Frame must be made up of no smaller than 2x4 studs nailed on 16 inch centers. Second floor joists must set on 1x4 ribbon or wider. Roof rafters shall be not less than 2x4 properly trussed. Second floor joists must conform to the requirements for first floor in two story construction.

All parts of the frame must be assembled by nailing or bolting in accordance with standard construction practice, including the studs as above, the interior covering of the studs, and the exterior sheathing to the studs. Assembly of any or all of the foregoing parts by use of

glue or adhesives is not standard and shall not be allowed.

Sec. (14) Exterior Wall and Bearing Partition Framing. Shall be continuous lengths of 2x4 nailed 16 inches on center. Maximum length for balloon frame shall be 20 feet; notch studs at second floor to receive 1x4 ribbon. Nail joists to studs.

Corner posts shall be not less than three 2x4's set to receive the interior finish.

Install braces at external corners as follows: 1x4 let into outside face of studs and plates, set at 45 degrees extending from sill to plate. Attaching ends of braces to blocks nailed to studs or plates is no acceptable.

On openings near the corner use 1x4 knee braces extending from corner post to sill and to top plate not less than three stud spaces. If opening is at the corner, brace as for external corners as near the opening as possible.

Window and door openings shall be constructed as follows: Extend inner stud on jambs in one piece from header to bearing and nail to outer stud.

Headers for usual loading conditions shall be:

Two 2x4s on edge with maximum span of 3½ feet

Two 2x6s on edge with maximum span of 4½ feet

Two 2x8s on edge with maximum span of 6 feet

Two 2x10s on edge with maximum span of 7½ feet

Top plates shall be constructed of two 2x4s lapped at corners and intersecting partitions. Single 2x4 acceptable for bearing partitions when studs occur directly under joists or rafters.

Sec. (15) Sheathing. Wall sheathing may be omitted on detached accessory buildings but in all other cases shall be required and shall be of such material as shall comply with generally accepted standards of sheathing construction but in no case shall be less than one-half inch (½ in.) thickness.

Roof sheathing shall be of such material as shall comply with the generally accepted standards of roof sheathing construction, but in no case shall be less than three fourths of an inch (¾ in.) in thickness.

Sec. (16) Exterior Wall Finish. There shall be provided an exterior wall finish of material meeting the generally accepted standards of exterior wall construction in addition to the wall sheathing provided for in Sec. 15 above. Under no circumstances shall the exterior of any building, house or garage be covered with roofing paper as the finish covering.

Sec. (17) Electricity. There are hereby adopted as safe and practical standards for the installation, alteration and use of electrical equipment in the Village, the rules and regulations pertaining thereto last adopted by the electric supply company now supplying the Village with electrical power. The Building Committee or its deputy shall act as and have all the powers of an Electrical Inspector.

Sec. (18) Plumbing. All work done on any plumbing system shall be performed in an efficient and workmanlike manner, and materials used shall be adequate to the purpose and of what is generally considered as standard plumbing material.

Sec. (19) Penalty. Any person, firm or corporation violating any provision of this article shall be fined not less than one dollar nor more than two hundred dollars for each offense; and a separate offense shall be deemed committed on each day during or on which a violation occurs or continues.

Sec. (20) Time of Taking Effect. This ordinance shall be in full force and effect from and after its passage, approval and publication in accordance with the Statute in such case made and provided.

Sec. (21) Repeal. All ordinances or parts of ordinances in conflict here with or any section hereof are hereby repealed; and the Building Ordinance of the Village of Mokena approved December 1, 1942 is hereby repealed, as of the time this ordinance takes effect.

Passed this 11 day of July, A. D. 1950.

ALVIN SORESENSEN,

Village Clerk

I hereby approve the above and foregoing ordinance as President of the Board of Trustees of the Village of Mokena, Illinois, this 11th day of July, A. D. 1950.

HAROLD SPIESS,

President of the Board of Trustees

Attest: Alvin Sorensen,

Village Clerk

HOMER

Elizabeth B. Anderson, Lockport 141
Telephone Lockport 886-M

The Missionary society will hold its July meeting in the church, Thursday, July 27. Picnic dinner will be in charge of the hostesses, Mrs. Robert Shepherd and Mrs. Bell Storm. House-cleaning and sewing will occupy the day.

The Homer-Lockport unit of Home Bureau will meet with Mrs. Robert Burch, Wednesday afternoon, July 26. Mrs. Mary Meyers is the assisting hostess.

Mrs. Kate C. Finley of McConellsville, Ohio, who is a guest of her son Harold Finley and family spent the week end with them in the Willard Rowley home.

Miss Marilyn Carroll of Chicago spent the week end here with her parents, Mr. and Mrs. Frank Carroll, while her sister LaVerne was

a visitor of her aunt, Mrs. Lawrence Wold in Lemont.

Mr. and Mrs. Jake Kolar of Lemont and Mrs. Anna Stafford and son of Plainfield visited in the Peter Wies home last Sunday.

Mr. and Mrs. Harold Drewes entertained at an out-door steak-fry, Friday evening on their lawn, Mr. and Mrs. Bruce Anderson and children were guests.

Mrs. Louis Habenicht and Mrs. Wrey White attended a reunion of their nursing class of Silver Cross hospital in the home of Mr. and Mr. Stanley Johnson in Frankfort last Thursday evening.

Mr. and Mrs. Matt Wies of Chicago were Saturday visitors of his brother Peter Wies and family.

Mr. and Mrs. Ray Carlson and sons, Mrs. Bruce Anderson, son George and daughter Faye attended the Chicago Fair Thursday.

Mr. and Mrs. Wrey White are building a new home on their property here in which her parents, Mr. and Mrs. Roy Voight will live when

it is completed.

Miss Kay Wies is spending several days with her cousin, Miss Jean Jungles.

Jane and Ruth Vancil of Downers Grove spent Friday with their

Mr. and Mrs. George Fiedler of Blue Island and Mrs. John Marr of Oak Lawn were guests of the Mrs. John Sproat family Sunday. grandmother, Mrs. Ira Anderson, while their parents, Mr. and Mrs. Joe Vancil were on a business trip to Chicago Heights.

Family Reunion

Approximately 60 guests gathered at the Robert Jungles home Sunday for a reunion of the descendants of Bernard Jungles. Picnic dinner and supper were served on the lawn. Visiting and canasta occupied the hours. The group decided to meet annually on the second Sunday in July hereafter.

George Bump Sr., who was the oldest person present, was celebrat-

ing his 81st birthday. The youngest guest was Sandra Jean, daughter of Mr. and Mrs. Merlin Jungles.

Homer Church News

Miss Karen Hartman of Blue Island, who has been spending several days with her grandparents here, was the guest soloist at Homer church Sunday morning. She very pleasingly sang "Whispering Hope."

All participants in the recent vacation bible school with their families and friends, will picnic at Messenger woodlands Saturday afternoon, July 22. Bring your own table silver and sandwiches.

Sunday, July 23, will be the annual vacation for church and Sunday school; services will be resumed at the usual time on July 30. Sunday school at 9:45 a.m. and worship service at 10:45.

New Sunday school attendance contest will be organized that day to extend over the following three months.

Clean New Separator At High Speeds

A new type of cream separator you can clean without taking apart is passing tests in the Dairy Technology division at the University of Illinois College of Agriculture.

Separator bowl and cream and milk spout assemblies on the new machine are so built that washing solutions flow through at high velocities. This removes all adhering milk solids, says Prof. E. O. Herreid, professor of dairy technology at the University. Also, stronger and more efficient cleaning solutions can be used in the separator because the entire mechanism is made of stainless steel.

After you've thoroughly cleaned the machine, Herreid says you can dry it simply by revolving the bowl at high speed. The drying eliminates all moisture in which bacteria could grow.

"We've run one of the separators for as long as 30 days without finding great numbers of bacteria," Herreid says. Recommendations, however, will probably be to take the separator apart at least once a week for inspection when the ma-

chine is put on the commercial market by International Harvester company.

Herreid lists the following conclusions after working with the separator for more than two years:

1. The bowl can be cleaned properly by centrifugal washing twice daily over a one to two week period.
2. In most tests there was no significant contamination of milk or cream from one separation to the next. This was indicated by cream and milk bacterial counts. Herreid explains.

3. The separator's performance compares favorably with regular farm or factory separators, Herreid says. The new separator leaves only 0.06 to 0.07 percent of fat in skim milk. A conventional separator leaves the same amount.

Tickets Now On Sale for Chicago Music Festival

Tickets for reserved seats to the 21st annual Chicagoland Music Festival are now on sale at the Chicago Tribune's two Public Service offices at 33 W. Madison St. and in the lobby of Tribune Tower, 435 N. Michigan ave. The Festival, sponsored by Chicago Tribune Charities, Inc., will be Saturday night, Aug. 19 in Soldiers' field.

The two Public Service offices will be open Mondays through Saturdays from 9 a.m. to 5 p.m. Festival tickets are \$1.25 each, tax included. A combination ticket, admitting the bearer to both the Festival and the Chicago Fair on the Festival Saturday, will be sold for \$1.55 which is a saving of 20 cents.

Both types of tickets are available by mail. Checks or money orders should be made payable to Chicago Tribune Charities, Inc., and sent with a self-addressed, stamped envelope to Ticket Manager, The Chicago Tribune, Tribune Tower, Chicago 11.

August 3-9 Rural Youth State Camp

Dates for the annual Rural Youth state camp have been set for August 3 through 9.

Clareta Walker, state Rural Youth staff member at the Illinois College of Agriculture, says that about 60 counties so far have asked for 170 reservations for the

camp. Limit on the number of campers has been set at 200.

For the second successive year, the state Rural Youth camp will utilize the facilities at the State 4H Memorial Camp near Monticello. Registration has been set for the afternoon of August 3.

Channing Briggs of Chicago, Memorial Camp program coordinator, will head the discussion groups on family living at the camp. Bob Runde of Manteno will teach a course in camp counseling.

FIRST—Chevrolet's low purchase price means you're money ahead to start. SECOND—Chevrolet's great, action-packed Valve-in-Head engine plus the sensational new Power-Jet carburetor provides high-powered performance at low cost per mile. THIRD—there are rugged Advance-Design features that lower your maintenance by keeping Chevrolet trucks on the road and out of the shop! And FOURTH—because these value-loaded trucks are preferred over any other make, their resale value is right at the top. Yes, you really save all around on a Chevrolet truck. Come in and get the full facts. Let us prove that—whatever your hauling need—you'll be money ahead with a Chevrolet truck!

BATTER UP!

Under this heading are to be found Baseball News in the Semmler Newspaper area. All baseball and softball teams are invited to use these columns.

By F. R. Zimmerman

On Sunday, July 16 the Sportsmen visited Grandview and dropped their third straight game by a score of 6 to 2.

Tinley counted their two runs in the first of the third inning and Grandview bounced back with one in the last of the third.

Grandview counted three more in the fourth on three walks, a fielders choice, one error, one hit and one, run in the fifth and one in the seventh to make a total of six.

Tinley's ragged defence work accounted for this loss.

On Sunday July 23 the Sportsmen will be host to Worth at Memorial Park. Game time 2:30 p. m.

a replay off a cancelled, wet ground game a few weeks hence. Tinley didn't hit the victory column this time. They met their match, losing 7 to 6. Tuf luck, girls.

Now you eager fans and fellers, let's hit the high games of the week. This second third started with bang with two ruf and tuf contests. Those poor Scoopers! It looks like the only team they can beat is the Methodist. Sanger squeezed them out 12 to 11. You're up against too many men Scoopers!

The Scavengers were removed from the ranks of the elite by being removed forthwith in extra. Inning. Cavetts and the Scavengers fought it down to the wire. It took 8 innings to decide the match. Cavetts came out on the long end 19 to 18. What a game! Even Pat Lloyd got excited for one of the few times this season, according to Pat.

Wed. Methodist held Cavetts for six innings to a 13 to 13 deadlock. When Cavetts turned on their heavy guns in the first half of the seventh, that's all brother. Final 21 to 14.

Without more ado.

Mon. July 17, Sanger vs. Cavett

Tues. July 18, Dough Boys vs. Methodist

Wed. July 19 Sanger vs. Methodist Cavetts vs. Dough Boys

Thurs. July 20, Sanger vs. Parkside I've been doing Larry Schuit, from over Midlothian way, a grave injustice. Here all the time I've been giving the Parkside crew credit for sponsoring themselves, when actually, Larry Schuit, owner and operator of the Bremen Scavenger Service is the true sponsor. Forgive me, my friend, it was done unintentionally. As I said last week, Parkside will hereafter be known as Scavengers, the shoe fits well. (joke).

Got a few gripes and suggestions which I've received that I would like to pass on.

The heavy traffic leaving Memorial Park about 10 in the evening could use a little protection on Oak Park ave. One of these days some one is going to get clipped at that corner. What do you say village board, could it be managed?

I say, village President Brown, have you ever driven over 171st leading into the ballpark? That road is the ruffest tank trap in Tinley, barring none. It's well past due for at least a grading. Could some one that heavy equipment being used on the main drag be turned loose on 171st? Wot say Rosie?

OUR DEMOCRACY—by Mat

LEARNING THE HARD WAY

THE BURNT CHILD WHO DREADS THE FIRE HAS LEARNED THE HARD WAY.

—AND THE ADULT WHO HAS COME THROUGH ADVERSITY TO RECOGNIZE THE ADVANTAGE OF HARD WORK AND THRIFT HAS LEARNED A LASTING LESSON IN THE SAME FASHION.

OUT OF OUR OWN EXPERIENCE AND THE EXPERIENCE OF THE GENERATIONS BEFORE US, WE AS A PEOPLE HAVE LEARNED THAT HARD WORK AND THRIFT ARE THE WAY OF ACCOMPLISHMENT. THEY TOUGHEN FIBERS AND SHAPE CHARACTER—CREATE THE KIND OF RESILIENT STRENGTH THAT BUILDS AND MAINTAINS OUR DEMOCRACY.

Town & Farm

by EVERETT MITCHELL

Farm Commentator, heard Monday through Saturday, 6:15-6:45 a. m. on WMAQ, Chicago, 670 on your dial.

SO YOUR vegetable garden is free of weeds and the plants look healthy. But still the yield isn't what you expected or the vegetables are small and stunted? Well, there are things you can do to perk up that garden and provide the family table with a good supply of fresh vegetables.

About those weeds which you so carefully pulled out of the vegetable patch. Maybe you should have concentrated more on thinning out the vegetable plants themselves. Because if the growth is too thick, the plants can do as much damage to themselves as those pesky weeds.

Possibly too many seeds were planted in the first place. If the seed is of doubtful quality, perhaps it's better to plant too much than too little. But if the young plants are growing profusely, they can be thinned down to the advantage of those left in the rows. They'll get better circulation and foliage. Soil will dry off faster after rain. This rapid drying helps cut down mildews and other diseases. It aids in insect control.

Some of the thinning, such as lettuce or beet greens, can be used for food, but most of the others will just be thrown away. The yield of vegetable plants depends a lot on the amount of moisture and fertilizer available. If too many plants are competing, none will grow to normal size.

If you want to grow more vegetables in that garden, try the succession cropping method. For instance, as peas are harvested, pull the vines and sow carrots or beets for fresh fall vegetables or winter storage. Where spinach, mustard, lettuce or other crops have been cut, plant sweet corn or other garden crops.

So don't give up the garden too soon this summer. There's still time to plant a second crop for fall harvest!

Special music and chorus, by choir and congregation. Sermon subject, "Can God be limited?" Bring your neighbors and friends.

Church school at 9:30 a. m.

Classes for all ages. Kindergarten up to adults.

Annual camp meeting begins at Berger camp ground, Sunday, July 23 through July 30. Bishop J. Ralph Magee, preaching at 8 p. m. Sunday. Soloist, Jewel Martin Lovejoy. You may receive a program for all the services of the week.

The Orland Park WSCS will meet with Mrs. Harry Anderson, Thursday, July 27 at 10:30 a. m. All members are urged to attend. Don't miss a good meeting. Business, food, fun, Fellowship, good feeling, fresh air.

Our School Problem
(Continued from last week)

Some Implications in the Creation Of an Independent District For The Manhattan-New Lenox-Frankfort Area.

Basic Statistics:
If the Manhattan-New Lenox-Frankfort area would form an independent high school district, a compilation of the statistics on the elementary school districts involved yields the information below:

Assessed valuation \$22,047,846.00
Current enrollments: Grade 1, 146; 2, 147; 3, 123; 4, 111; 5, 117; 6, 115; 7, 111; 8, 101. Total 971.
Grade 9, 96; 10, 76; 11, 64; 12, 62. Total 298. Grand total 1269.
Total enrollments in elementary schools have been listed because they soon become high school enrollments.

Prospective Size.
Although the present enrollments indicate that 298 students from this area are enrolled in high schools somewhere, it is probable that the total number of persons of high school age is nearer 400. Within

eight years from the 1949-50 school year, grades 1 through 4 will all be of high school age. Any effective planning would require that building facilities be provided at least in anticipation of foreseeable enrollment. In the school year of 1956-57, the high school enrollment will be potentially 527 students. However this figure is not as significant as a projection of the enrollments of the first and second grades for two more years which would yield a potential enrollment for the year of 1959-60 of 584 students. Even with a drop-out rate of 30%, we arrive at an enrollment of 500 students. This figure was arrived at as follows:

Grade 9 146
Grade 10, 146, 10% or 14 . . . 132
Grade 11, 132, 10% of 146 or 14, 118
Grade 12, 118, 10% of 146 or 14, 104
Total enrollment 500

Building Costs
Current estimates for housing a high school population of that size indicate that a building of even reasonable adequacy could not be built for substantially less than \$1,000,000.00. A twenty-year maturity schedule for retirement of this amount of bonds, with interest payments averaging about two per cent, gives an annual charge to the district of about \$62,500.00. This charge would require an annual tax rate for bonding purposes of 2 3/4 cents on each \$100.00 of equalized assessed valuation.

It should be borne in mind that a building costing \$1,000,000.00 would give only the most meager accommodations. One high school in Will County which enrolls about 600 students has a building which would cost about \$1,500,000.00 to replace. At a recent election the voters approved an addition of over \$1,500,000.00 in order to give the school an agriculture department, an auditorium, and some other facilities which are needed.

Instructional Minimums

Minimum faculty and course of study requirements would include.

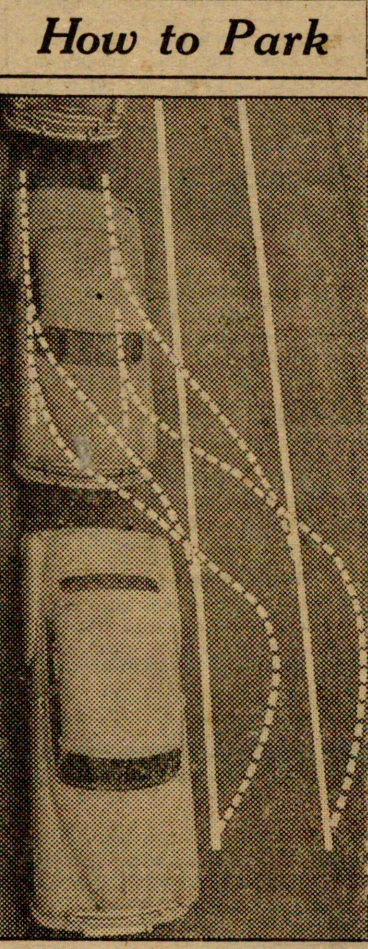

Subject	Minimum Units	Estimated Teachers
Administration	1	1
Agriculture	4	1
Art	2	.5
Business Education	6	2
English	4	4
Foreign Lang.	2	.5
Homemaking	4	2
Mathematics	4	2
Music (inc. band and chorus)	4 (years)	1
Physical Educa.	4 (years)	4
Science	4	3
Shop, Industrial and Vocational	4	2
Social Science	4	4
Total	46	27

If the staff could be recruited for an average of \$3600.00, the total charge to the district would be \$97,200.00 annually. Translated into tax rates, this charge would require an annual rate of approximately 4 1/2 cents on each \$100.00 of equalized assessed valuation.

Transportation Problems
Unless the high school was built in a population center, practically all of the students would have to be transported. With the high school building at New Lenox, 330 students would require transportation. Estimating \$50.00 per student transported, although some districts in the county find that the cost is twice this amount, the gross cost would be \$16,500.00, of which \$6,600.00 would be reimbursable by the state. This leaves a net cost to the district of \$9,900.00, which becomes a tax rate of 4 1/2 cents. If 500 were transported, the gross cost would become \$25,000.00, the net cost \$15,000.00 and the rate 7 cents.

Other Expenditures and Total Costs
Other expenditures of a school this size would be expected to run \$25,000.00 to \$30,000.00 annually. These costs include maintenance staff, stenographic staff, educational supplies and equipment, building maintenance supplies, fuel, and repairs and replacements.

If a rate of 12 cents were adequate to cover these charges, this

A survey of high school driving instructors by the Chevrolet Motor Division discloses parking as the toughest maneuver for students to master. The above photo-diagram illustrates correct procedure. First, stop close and approximately even with the car ahead. Next, cut your wheels sharply right and back up until your front right bumper just clears the rear left bumper of the car ahead. Then, cut your wheel sharply left, backing slowly until alongside of curb.

new district could expect a minimum rate of 88 cents to 91 cents. And this is a conservative, minimum estimate.

Bonding Limitations and Implications—The bonding power of a school district is limited to 5% of its assessed valuation, thus permitting issuance of not to exceed \$1,100,000.00 in bonds. It should be pointed out that if a unit district were formed, which would include grades 1-12, it would take all of the bonding power of the district to provide facilities for the students of high school age. This would leave no financial reserve for the erection of additional facilities which would undoubtedly be needed to house a growing grade school population at effectively located attendance centers.
